## POLAGRA FOOD International Trade Fair for Food 2015

Poznań is a city which people associate not only with the goats in the town hall tower, but also with..... food. This is not only due to St.Marcin's croissants or the traditional cuisine of the Greater Poland region. It is right here in Poznań where **POLAGRA FOOD International Trade Fair for Food** is held.

POLAGRA FOOD is a project of a long tradition which actively follows the changes taking place in the food industry and which is continually open to the needs resulting from the economic and social situation.

Apart from the dominating dairy and meat producers, POLAGRA FOOD will be participated by producers and suppliers of sweets and confectionary products, fruit and vegetable products, spirits, spices, and eco products. Exhibitors will also include representatives of the food industry from abroad.

This year, POLAGRA FOOD will be taking place from **21 to 24 September**. There will also be POLAGRA TECH International Trade Fair of Food Processing Technologies, PAKFOOD Food Industry Packaging Fair POLAGRA GASTRO International Trade Fair for Gastronomy taking place alongside POLAGRA FOOD.

Another event that will take place in parallel is the 5th edition of the **international matchmaking event**.

We invite Indonesian companies, associations, or government representatives related to the food sector to POLAGRA FOOD, either as visitor or exhibitor.
